

SUPPLEMENTARY INFORMATION:

Background

The Department may revoke an antidumping duty order or finding or terminate a suspended investigation if the Secretary of Commerce concludes that it is no longer of interest to interested parties. Accordingly, as required by § 353.25(d)(4) of the Department's regulations, we are notifying the public of our intent to revoke the following antidumping duty orders and findings and to terminate the suspended investigations for which the Department has not received a request to conduct an administrative review for the most recent four consecutive annual anniversary months:

If no interested party requests an administrative review in accordance with the Department's notice of opportunity to request administrative review, and no domestic interested party objects to the Department's intent to revoke or terminate pursuant to this notice, we shall conclude that the antidumping duty orders, findings, and suspended investigations are no longer of interest to interested parties and shall proceed with the revocation or termination.

Opportunity to Object

Domestic interested parties, as defined in § 353.2(k) (3), (4), (5), and (6) of the Department's regulations, may object to the Department's intent to revoke these antidumping duty orders and findings or to terminate the suspended investigations by the last day of December 1994. Any submission to the Department must contain the name and case number of the proceeding and a statement that explains how the objecting party qualifies as a domestic interested party under § 353.2(k) (3), (4), (5), and (6) of the Department's regulations.

Seven copies of such objections should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room B-099, U.S. Department of Commerce, Washington, D.C. 20230. You must also include the pertinent certification(s) in accordance with § 353.31(g) and § 353.31(i) of the Department's regulations. In addition, the Department requests that a copy of the objection be sent to Michael F. Panfeld in Room 4203. This notice is in accordance with 19 CFR 353.25(d)(4)(i).

Dated: November 16, 1994.

Joseph A. Spetrini,

Deputy Assistant Secretary for Compliance.

[A-122-820; A-122-823]

Partial Termination of Administrative Review of Antidumping Duty Order; Certain Cut-to-Length Carbon Steel Plate From Canada

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Partial Termination of Antidumping Duty Administrative Review.

SUMMARY: In response to a request from IPSCO, Inc., the Department of Commerce (the Department) initiated an administrative review of IPSCO, Inc. on September 8, 1994. On October 7, 1994, IPSCO timely withdrew its request for an administrative review of the above referenced order. Because there were no other requests for review of this company from any other interested party, the Department is now terminating this review with respect to IPSCO, Inc.

EFFECTIVE DATE: November 25, 1994.

FOR FURTHER INFORMATION CONTACT: Elizabeth Patience or Art Stern, Office of Agreements Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., N.W., Washington, D.C. 20230; telephone (202) 482-3793.

SUPPLEMENTARY INFORMATION: On August 30, 1994, the Department received a request from IPSCO, Inc. to conduct an administrative review of the antidumping duty order pursuant to § 353.22(a)(2) of the Department's regulations (19 CFR 353.33(a)(2)).

On September 8, 1994, the Department published in the *Federal Register* a Notice of Initiation for this review (59 FR 46391). On October 7, 1994, IPSCO, Inc. withdrew its request for administrative review. This withdrawal was made within the time limits established in § 353.22(a)(5) of the Department's regulations. No other interested party has requested an administrative review of IPSCO's entries in this proceeding.

In accordance with § 353.22(a)(5) of the Department's regulations, the Department has determined to terminate this administrative review for IPSCO, Inc.

Absent a review, we shall instruct the Customs Service to liquidate IPSCO's entries.

Furthermore, because IPSCO was a previously investigated company, the cash deposit rate will continue to be the company-specific rate found for IPSCO during the investigation, as amended pursuant to an order of the U.S.-Canada

binational panel. See *Amended Final Determination Pursuant to Binational Panel Order; Certain Cut-to-Length Carbon Steel Plate from Canada*, 59 FR 15373 (April 1, 1994).

This notice is published in accordance with 19 CFR 353.22(a)(5).

Dated: November 16, 1994.

Joseph A. Spetrini,

Deputy Assistant Secretary for Compliance.

BILLING CODE 3510-DS-P

[A-570-826]

Antidumping Duty Order: Certain Paper Clips From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 25, 1994.

FOR FURTHER INFORMATION CONTACT: Dorothy Tomaszewski or Erik Waga, Office of Antidumping Investigations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-0631 or (202) 482-0922, respectively.

Scope of Order

The products covered by this order are certain paper clips, wholly of wire of base metal, whether or not galvanized, whether or not plated with nickel or other base metal (e.g., copper), with a wire diameter between 0.025 inches and 0.075 inches (0.64 to 1.91 millimeters), regardless of physical configuration, except as specifically excluded. The products subject to this order may have a rectangular or ring-like shape and include, but are not limited to, clips commercially referred to as "No. 1 clips", "No. 3 clips", "Jumbo" or "Giant" clips, "Gem clips", "Frictioned clips", "Perfect Gems", "Marcel Gems", "Universal clips", "Nifty clips", "Peerless clips", "Ring clips", and "Glide-On clips".

Specifically excluded from the scope of this order are plastic and vinyl covered paper clips, butterfly clips, binder clips, or other paper fasteners that are not made wholly of wire of base metal and are covered under a separate subheading of the *Harmonized Tariff Schedule of the United States* (HTSUS).

The products subject to this order are currently classifiable under subheading 8305.90.3010 of the HTSUS. Although the HTSUS subheading is provided for convenience and customs purposes, our

written description of the scope of this order is dispositive.

Antidumping Duty Order

In accordance with section 735(a) of the Tariff Act of 1930, as amended ("the Act"), on September 30, 1994, the Department of Commerce ("the Department") made its final determination that certain paper clips from the People's Republic of China ("PRC") were being sold at less than fair value (59 FR 51168, October 7, 1994). On November 14, 1994, the International Trade Commission notified the Department of its final determination, pursuant to section 735(b)(1)(A)(i) of the Act, that an industry in the United States is materially injured by reason of imports of the subject merchandise.

Therefore, all unliquidated entries of certain paper clips from the PRC entered, or withdrawn from warehouse, for consumption on or after May 18, 1994, which is the date on which the Department published its notice of preliminary determination in the *Federal Register*, are liable for the assessment of antidumping duties.

In accordance with section 736(a)(1) of the Act, the Department will direct Customs officers to assess, upon further advice by the administering authority, antidumping duties equal to the amount by which the foreign market value of the merchandise exceeds the United States price for all relevant entries of certain paper clips from the PRC. Customs officers must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated weighted-average antidumping duty margins as noted below. The "All Others" rate applies to all exporters of PRC paper clips not specifically listed below.

The *ad valorem* weighted-average dumping margins are as follows:

Manufacturer/producer/exporter	Margin percentage
Shanghai Lansheng Corporation ..	57.64
Zhejiang Light Industrial Products Import and Export Corporation ..	46.01
Zhejiang Machinery and Equipment Import and Export Corporation ..	60.70
All Others (including Abel Industries) ..	126.94

This notice constitutes the antidumping duty order with respect to certain paper clips from the PRC, pursuant to section 736(a) of the Act. Interested parties may contact the Central Records Unit, room B-099 of the

Main Commerce Building, for copies of an updated list of antidumping orders currently in effect.

This order is published in accordance with section 736(a) of the Act and 19 CFR 353.21.

Dated: November 17, 1994.

Susan G. Esserman,

Assistant Secretary for Import Administration.

[A-588-029]

Fishnetting of Man-Made Fiber From Japan; Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Amendment to Final Results of Antidumping Duty Administrative Review.

SUMMARY: On May 26, 1994, the Department of Commerce (the Department) submitted to the Court of International Trade (CIT) the final results of redetermination pursuant to a remand in *Momoi Fishing Net Mfg. Co. v. United States* (Court No. 93-09-00522, February 28, 1994). On September 8, 1994, the CIT affirmed our redetermination (Slip Op. 94-140). In accordance with that affirmation, we are hereby amending the final results of the administrative review for the June 1, 1990, through May 31, 1991, period with respect to Momoi Fishing Net Manufacturing Co. (Momoi). Momoi's rate is zero percent for the 1990-1991 period.

EFFECTIVE DATE: November 25, 1994.

FOR FURTHER INFORMATION CONTACT: Kimberly Moore or Tom Futtner, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C., 20230; telephone: (202) 482-0090.

SUPPLEMENTARY INFORMATION:

Background

On February 28, 1994, the CIT, in *Momoi Fishing Net Mfg. Co. v. United States* (Court No. 93-09-00522, February 28, 1994), remanded to the Department for redetermination the final results of the June 1, 1990, through May 31, 1991, administrative review of the antidumping finding on fishnetting of man-made fiber from Japan (37 FR 11560, June 9, 1972).

In the Department's final results of administrative review, the dumping margin for Momoi's fishnetting sold or imported into the United States for the period June 1, 1990, through May 31, 1991, was 2.67 percent. Momoi's dumping margin for those final results was calculated based on the price to Momoi's U.S. importers (see *Fishnetting of Man-Made Fiber from Japan; Final Results of Antidumping Administrative Review*, 58 FR 42291 (August 9, 1993)). Based on the information on the record, the Department concluded that the price to Momoi's U.S. importers included U.S. Customs duties and brokerage expenses.

On February 28, 1994, the CIT remanded this case to the Department to reconsider whether Momoi's C.I.F. sales excluded any charges for U.S. Customs duties and U.S. brokerage charges in the calculation of United States price (USP) for Momoi (see *Momoi Fishing Net Mfg. Co. v. United States* (Court No. 93-09-00522)).

Final Remand Results

In accordance with the CIT's order, the Department revised its final results with respect to Momoi for the 1990-1991 administrative review of fishnetting of man-made fiber from Japan. Based on additional documents provided by Momoi in response to a supplemental questionnaire issued by the Department, we determined that Momoi's C.I.F. sales prices excluded U.S. Customs duties and U.S. brokerage charges. We determined that the revised weighted-average margin based on this information for the period June 1, 1990, through May 31, 1991, is zero percent.

Final Results of Redetermination

On September 8, 1994, the CIT affirmed our redetermination (Slip Op. 94-140). In accordance with that affirmation, we are hereby amending the final results of the administrative review for the June 1, 1990, through May 31, 1991 period with respect to Momoi. Momoi's rate for the 1990-1991 period is zero percent.

Since we have not conducted an administrative review of Momoi for a later period, we will instruct the U.S. Customs Service to apply these amended results as a cash deposit for entries of merchandise produced by Momoi. This deposit requirement, when imposed, shall remain in effect until publication of the final results of the next administrative review.

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. The Department will issue

appraisal instructions directly to the Customs Service.

This amendment to final results of antidumping duty administrative review notice is in accordance with section 751(a)(1) of Tariff Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Dated: November 14, 1994.

Susan G. Esserman,
Assistant Secretary for Import
Administration.

The University of Florida has withdrawn Docket Number 94-072 an application for duty-free entry of a Laser Ablation System. This withdrawal constitutes final disposition for Docket Number 94-072 in accordance with § 301.7 of 15 CFR part 301.

Pamela Woods,

Acting Director, Statutory Import Programs
Staff.

[FR Doc. 94-29109 Filed 11-23-94; 8:45 am]
BILLING CODE 3510-DS-F

Applications for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 94-128. **Applicant:** Virginia State University, Agricultural Research Station, P.O. Box 9061, Petersburg, VA 23806. **Instrument:** Electron Microscope, Model 1210. **Manufacturer:** JEOL, Japan. **Intended Use:** The instrument will be used for agricultural research (plants, animals, bacteria, viruses) on the ultrastructural level. Specimens will consist of normal and pathological conditions with the objective of elucidating morphological,

physiological and genetic mechanisms. The research includes but is not limited to: (a) characterization of *Vernonia* seeds and the immunologicalization of lipid synthesis and storage sites at various stages of seed development, (b) localization of lipid storage sites in callus tissue of *Vernonia galamensis* using antibody-antigen reaction and IDnm gold particles, (c) ultrastructural and chemical composition of the stomates of pursalens under normal and high water-stress conditions. In addition, the instrument will be used for the training of agricultural graduate students on a one-to-one basis. **Application Accepted by Commissioner of Customs:** October 26, 1994.

Docket Number: 94-130. **Applicant:** University of California, Irvine, Department Psychiatry & Human Behavior, 200 Public Services Building, Irvine, CA 92717-1650. **Instrument:** Positron Emission Tomography Camera System, Model GE 2048. **Manufacturer:** General Electric, Sweden. **Intended Use:** The instrument will be used for the study of schizophrenia, depression, Alzheimer's disease and other psychiatric illnesses in order to obtain a more detailed understanding of what brain regions are metabolically different in these conditions compared to normal controls. One of the major focuses will be on what subregions of the thalamus and basal ganglia are malfunctioning in schizophrenia and how do new experimental treatments affect these regions. There will also be a series of studies looking at dopamine presynaptic turnover as assessed by FDOPA uptake. **Application Accepted by Commissioner of Customs:** November 1, 1994.

Docket Number: 94-131. **Applicant:** University of Rhode Island, Graduate School of Oceanography, South Ferry Road, Narragansett, RI 02882-1197. **Instrument:** 5-Sample Anticoincidence Multicounter System, Model GM-25-5. **Manufacturer:** Riso National Laboratory, Denmark. **Intended Use:** The instrument will be used to analyze samples for natural and artificial radionuclides in sea water, particulate matter and sediment samples in the laboratory during oceanographic research cruises. Experiments will involve collection of dissolved and particulate samples from seawater, purification in the laboratory, and analysis using the beta detector. The instrument will also be used in part of a course entitled "Marine Particles" which will deal with the role of particles in various ocean processes and techniques for determining particle transport rates in seawater. **Application**
